Dear Prospective Student,

Thank you for your interest in the 2024-2025 Montessori Early Childhood Teacher Credentialing Program offered by the Montessori Institute of Advanced Studies.

The Credentialing Program includes lectures in Montessori philosophy, principles and practice with Montessori didactic materials.

Sincerely,

Meher Van Groenou

Director

Montessori Institute of Advanced Studies

Presents

Early Childhood Credentialing Program

To be completed in one year.

*Join us for a Five Week Summer Intensive
With Practicum completed during the school year.*

Our mission is to offer a program where each individual pursues growth within the limits of social responsibility, as stated by Dr. Maria Montessori Philosophy of Education.

Our Teacher Training Program offers an opportunity to verify what gifts reside inside of you for helping children in their self-learning through the intuitive quality of attention. In its presence you will experience openness to the child's heart and receive its trust in return.

Our goal is to prepare teachers with the deepest grounding in Montessori philosophy. To develop teachers who have a broader approach in the contemporary context of child development and to create teachers as scientific pedagogues who see the prepared environment as a dynamic system that follows the child.

Our graduates enjoy our small class size and individual attention as well as being able to finish the program in one year. They also appreciate our low tuition and the ability to receive academic credit through CSU-East Bay.

Classes, Practicum, Workshops and Seminars fully prepare you to be the best.

The Montessori Early Childhood Teacher Credentialing Program directs a one or two year course, offering an opportunity to verify and develop the gifts that reside inside each of us for helping children in their self-learning. We prepare Montessori teachers with a deep grounding in the Montessori Philosophy. We develop individuals who have a broad approach in the contemporary context of child development and educational thought. We create teachers as “scientific pedagogues” who see the classroom as a dynamic system that “follows the child” in the pursuit of intellectual and moral and social needs.

The curriculum includes lectures on the philosophy, psychology, principles and practices of Dr. Montessori. There are supervised demonstrations and practical sessions with the Montessori apparatus, observations and practice teaching as part of the training. Lectures include early childhood development, and the relationship between Montessori education and current childhood educational and social theory.

Teaching credentials are given upon completion of all requirements.

Required Reading:

The Montessori Method, Dr. Maria Montessori

The Secret of Childhood, Dr. Maria Montessori

Discovery of the Child, Dr. Maria Montessori

The Absorbent Mind, Dr. Maria Montessori

The Advanced Montessori Method, Dr. Maria Montessori

Montessori: A Modern Approach, Dr. Paula Polk Lillard
